Brittany Cayemberg Foundation Scholarship Application

Annually, the Board of Directors of the Brittany Cayemberg Foundation awards scholarships to high school students about to enter a two or four year college or university. Brittany Cayemberg was diagnosed with cancer at the age of four. From that point on, she demonstrated character traits that exemplify the best of the human spirit. Despite vigorous treatments and relapses, she continued to be involved in school and in the community, displaying strength, determination and compassion, until her untimely death at the age of sixteen. Her motto was "You determine your strength. So stay Strong." The mission of her foundation is to continue her legacy by honoring other students who have encountered challenges and have demonstrated similar character traits in meeting and overcoming those challenges. By financially supporting students who are pursuing education after high school, the values of hard work, perseverance, and community service can be fostered, thereby promoting their efforts to make the world a better place to live.

Participation in extracurricular activities and volunteering in the community are requirements of applicants. In order to qualify for this year's scholarship, applicants must submit their official high school transcript, which includes the first semester of senior year, 3 letters of recommendation, documentation of volunteer hours, the school's acceptance letter and this completed form. Applications are due by March 1st of this calendar year.
